### OLFACTIVE DESCRIPTION

BEYOND HIVERNAL® offers fresh, floral, muguet, watery and green notes associated with a light blooming transparency.

### PERFUMERY USAGE

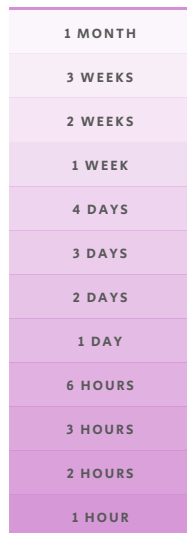

Very stable, this building block contains FLOROL®, MAYOL®, HIVERNAL® NEO and a proprietary captive.

HIVERNAL® NEO confers a very wet and natural bouquet hints to all kind of floral accords.

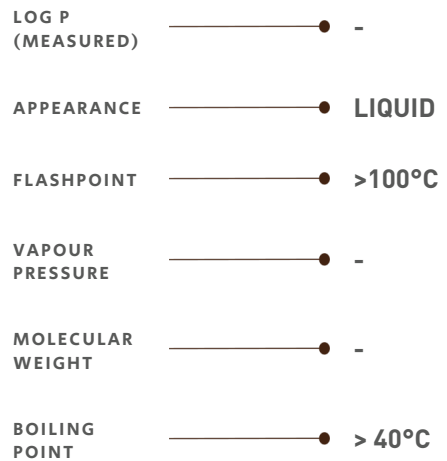

BEYOND HIVERNAL® enhances the freshness and transparency of muguet notes. It can replace less stable floral aldehydes (1/1) and be used in overdose in new creation to enhance the floral diffusion.

### TENACITY

Lasts 1 month on a smelling strip

### PHYSICO-CHEMICAL PROPERTIES

### STABILITY & PERFORMANCE

RECOMMENDED APPLICATIONS	STABILITY	CONCENTRATION AVG - MAX	SUBSTANTIVITY & REMARKS

#### DID YOU KNOW ?

BEYOND HIVERNAL® is part of BEYOND MUGUET explorative work, a visual artistic representation of an olfactive profile to open up new territories within the Muguet family.
